

LaFlesche and Rainhouse Manufacturing Canada Ltd. had the opportunity to engage with key industry leaders, senior military and government representatives, international delegations, and industry decision-makers. With over 12,000 registrants from around the world, the event provided a unique platform to attract international attention and access exclusive keynote speakers. We also benefited from the Supply Chain Connect B2B/B2G program, facilitating valuable meetings with other attendees to advance our business goals.

MANUFACTURING CANADA LTD.

## About Rainhouse

Since 2001 Rainhouse Manufacturing Canada Ltd. has been a prominent Victoria-based firm, specializing in CNC machining, electronics, and contract manufacturing services. With a reputation for on-time, on-budget delivery, and a commitment to the highest standards, Rainhouse is Canadian Controlled Goods registered, ISO 9001:2015 certified, and holds a Class MA Boiler and Pressure Vessel License (License No.: LPB0201365).

## About LaFlesche

LaFlesche, an Indigenous-owned manufacturer based in Kahnawà:ke, Quebec, specializes in sustainable injection mold plastics and CNC machining for the defence, aerospace, and medical sectors. Our services include prototyping, engineering, mold making, medical device manufacturing, injection molding, and sustainable plastics innovation. Committed to revitalizing local manufacturing, we aim to establish a sustainable supply chain in Canada.
