

ENGINEERING SHOWCASE

September 20th, 2024

12 PM to 5 PM

Bay Street Armoury - 715 Bay St, Victoria, BC

"Rainhouse Manufacturing Canada Ltd.'s commitment to quality and precision is exemplary. Ray and Rainhouse are also great supporters of innovation and engineering. Their invaluable support of engineering education and research is appreciated in the Southern Vancouver Island community."

- Keivan Ahmadi,
Associate Professor, University of Victoria

JOIN US AT THE 2024 ENGINEERING SHOWCASE

We are excited to announce that the 2024 Engineering Showcase, hosted in collaboration with Rainhouse Manufacturing Canada Ltd. and the University of Victoria, will take place on September 20th, 2024, at the historic Bay Street Armoury. This year's showcase promises to be the largest yet, featuring cutting-edge projects from talented students across Vancouver Island. Attendees will have the chance to explore innovative designs, meet the minds behind them, and engage with industry leaders who are shaping the future of manufacturing and STEAM. Mark your calendars for a day of inspiration, innovation, and community spirit!

Thank you for being part of our journey to strengthen Vancouver Island's manufacturing and STEAM sectors. Together, we're building a brighter future. Join us in celebrating and supporting the bright minds shaping our community's future.
