

ENSURING
QUALITY

DELIVERING
PRECISION

At Rainhouse, quality assurance is at the core of everything we do. We are committed to delivering precision and reliability through rigorous quality assurance processes that meet the highest industry standards.

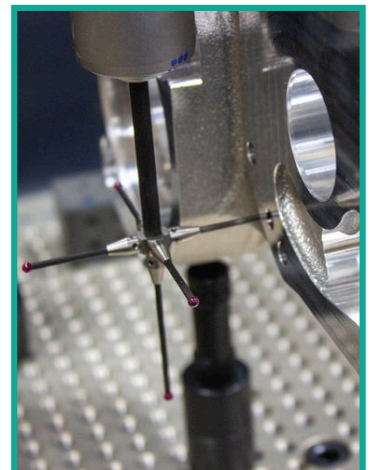

Rainhouse is committed to the highest standards of quality and compliance. We proudly maintain **AS9100D** and **ISO 9001:2015** certifications, Canadian **Controlled Goods** registration, **Reliability Clearance**, and recognition as an **Approved First-Level Manufacturer** under DEF Stan 02-862: Naval Fasteners. Additionally, we hold a **Class MA Boiler and Pressure Vessel Licence** (License No.: LPB0201365) and our skilled technicians are accredited to **IPC-A-610** and **IPC/WHMA-A-620** standards.

Testing and Inspection Services

- First Article Inspections
- In-Process Checks
- Certificate of Conformance
- Material Traceability Reports

Rainhouse technicians have access to 5-axis Coordinate Measuring Machines to deliver precise quality control.

Rainhouse offers comprehensive testing and inspection services.

We ensure the highest quality and compliance standards for your products.

WHAT SETS US APART

Rainhouse utilizes advanced CMM technology and thorough testing processes to verify that every component adheres to industry standards for performance and reliability.

State-of-the-Art Equipment

Ensured Quality

REAL-WORLD APPLICATION

Rainhouse partnered with Redlen Technologies to manufacture high-precision components for their cutting-edge medical imaging systems. The project required exceptional accuracy, advanced machining techniques, and cost-effective solutions. By leveraging our quality assurance capabilities, we delivered components that met the stringent demands of this highly specialized field, supporting Redlen's mission to revolutionize imaging technology.

"We have a longstanding close working relationship with Rainhouse. They have proven to be an innovative, reliable and cost-effective supplier for a broad range of precision custom electrical and mechanical systems. Rainhouse is a highly valued and trusted supplier to us."
