

“*Babcock Canada has a close working relationship with Rainhouse. They are an innovative, reliable, and cost-effective Canadian supplier. Rainhouse consistently delivers high-quality products on time—often ahead of schedule—helping us save both time and money.*”

## 2. Supply Chain Security

By manufacturing in Canada, we eliminate the risks associated with international tariffs, shipping delays, and unpredictable geopolitical disruptions.

## 3. Cutting-Edge Technology

Our facility is equipped with state-of-the-art machining, advanced quality control systems, and automation to drive efficiency and innovation.

## 4. Supporting Canadian Jobs

Every contract with Rainhouse creates high-quality jobs, supports local talent, and strengthens the national economy.

## The Time to Act is Now

Canada's manufacturing sector is at a crossroads. Over 60% of Canada's manufacturing output comes from foreign-owned companies, meaning critical production happens outside our borders. This reliance on global supply chains puts Canadian businesses at risk. The solution? Invest in Canadian manufacturing now.

By choosing Rainhouse, you're not only ensuring top-tier quality and reliability but also contributing to a stronger, more resilient Canadian economy. Let's work together to build a future where Canadian businesses thrive—without depending on unpredictable international suppliers.

## Let's Build a Stronger Future Together

Now is the time to future-proof your supply chain with a reliable, made-in-Canada solution.

Contact us today to learn how Rainhouse can support your business with precision, reliability, and Canadian expertise.
